**THE VELVET COLLECTION**  
VINTAGE 2004

One of the most stunning and innovative new wines in recent years debuted in 2004 with the first release of The Velvet Collection.

Now comes the third in this very limited series of superb Napa Valley wine as a blend of 54% Napa Valley Cabernet and 46% Napa Valley Merlot.

In 1953, a stunning photo portrait of an unknown actress became the Centerfold in the inaugural edition of Playboy Magazine, establishing Marilyn Monroe as the enduring sex symbol of the 20th Century. That image was used on the 2003 vintage of The Velvet Collection, nearly all of which was lost in a warehouse fire. By special agreement with Playboy Enterprises, the photo now graces the label of the limited edition 2004 vintage of The Velvet Collection, and will not appear on any future vintages of The Velvet Collection, enhancing the collectibility of this special wine, which is as tempting and voluptuous as the portrait itself.

The Velvet Collection is acclaimed for its:
